**Your source for:**

### **AUTOMATION, DATA-COM, SECURITY and AUDIO VIDEO SOLUTIONS**

For over 75 years Springfield Electric Supply has been known as a leader in the electrical supply industry. Our goal is to provide the best customer service and support possible. By aligning ourselves with the premier manufacturers in the industry, we have positioned ourselves to meet our customers needs and ever changing demands.

The Technology Team of Springfield Electric has been designed to provide solid, solutions based strategies for your automation, data-com, security and audio/video applications. This team has been assembled from a group of dedicated, experienced, well trained professionals who, with a robust offering of value added services, have a common goal of providing our customers with the highest level of sales and support. This team is committed to helping you lower your operating costs, improving safety, increasing quality and providing training for your employees on the products we sell.

The products listed on the previous pages are just a few offered by Springfield Electric. We understand the value of delivering complete automation, datacom, security and audio/video systems and strive to help your business meet and exceed its goals in these areas.

**For more information regarding how Springfield Electric can help solve your needs, please contact your local Springfield Electric Branch listed on the front cover.**
