## Connections - February

## Connections February 2009

1. Earn Your Choice of a Carhartt Jacket or an IPOD Nano
2. 17kW Air-Cooled Standby Generators
3. Residential / Light Commercial Power Systems from Generac
4. Automatic Transfer Switch
5. Portable Generator

Springfield Electric will be offering **Generac** generator installers service training. This is to insure that you will be adequately equipped to "service what you sell". Jude Pierson, regional sales manager for Generac is making arrangements for a team from Generac Service to be available to conduct a one-day service training event to be held in April (date TBD) at our Decatur Branch - Start time will be 8:00AM, break for lunch (provided by SESCO), concluding by 4:00PM. There will be no charge for this training but attendance will be limited. **Contact your nearest Springfield Electric Sales location for registration details.**

We are also offering a fantastic promotional opportunity during the months of February, March & April. Any generator purchased from now until April 30th will earn your choice of a **FREE** Black Carhartt Jacket or a 4GB Silver Nano IPOD.

**GENERAC**

## 17kW Air-Cooled Standby Generators

- INNOVATIVE DESIGN & PROTOTYPE TESTING are key components of GENERAC'S success in "IMPROVING POWER BY DESIGN."
- TRUE POWER® ELECTRICAL TECHNOLOGY: Superior harmonics and sine wave form produce less than 5% Total Harmonic Distortion for utility quality power.
- TEST CRITERIA:
  - Prototype Tested
  - System Torsion Tested
  - NEMA MG1-22 Evaluation
  - Motor Starting Ability
- SOLID-STATE, FREQUENCY COMPENSATED VOLTAGE REGULATION
- SINGLE SOURCE SERVICE RESPONSE from Generac's dealer network provides parts and service know-how for the entire unit, from the engine to the smallest electronic component.
- GENERAC TRANSFER SWITCHES. Long life and reliability are synonymous with GENERAC POWER SYSTEMS.
