4. Are You Ignoring A Half A Billion Dollar Market??

September Connections

Introducing **Appleton's** new PowerPlex™ Panelboard which transfers needed protection from bulky cast enclosures to the component level, saving valuable space. Panelboard technology of the future is here today!

Springfield Electric and **3M** are offering a free job box, with a qualifying purchase of popular 3M products. Why not stock up now and have a place to store your 3M products and tools for years to come?

Purchase a **Maxis Pull-It 3000** and receive either a free pair of MaxisJax or a spool of heavy duty Maxis Pulling Line. Offer good through the end of September!

Be assured power when you need it. Springfield Electric is your authorized stocking distributor of permanent mount and portable **Generac Generators**.

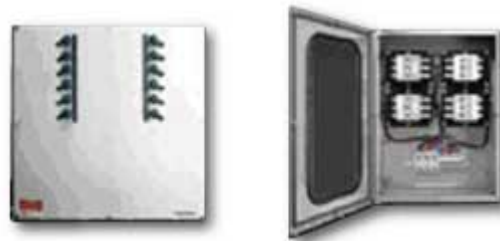

Announced Price Increases

| | | |
|--------------|---------|-------------|
| Raco | 10/1/09 | 5%-8% range |
| T & B | 10/5/09 | 5% average |
| Appleton | 11/2/09 | 4%-5% range |
| Crouse Hinds | 11/2/09 | 3%-5% range |

**PowerPlex Series
of Panelboards**

- A quantum leap forward in hazardous location circuit protection.
- PowerPlex increases hazardous location safety and flexibility while greatly reducing and simplifying maintenance.
- Conduit or cable seals are not required.
- Installers can add entries to the enclosure in the field without compromising the hazardous location ratings.
