4. 17kW Air-Cooled Standby Generators
5. Extra Small Size CFLs

Go Green with Springfield Electric's Energy Saving Edition

We all want to save a little green these days. Switch to a **Lutron** dimmer and start saving today! **HALO's** Energy Star Residential Solutions can help at home with lighting, while **Generac's** 17kW Air-Cooled Standby Generators can keep you up & running in case of emergency.

New from **GE Lighting**- Extra Small Size, Extra Long Life - Compact Fluorescent Next Generation CFLs. GE now adds extra small size to the screw-in product line's list of attributes. Not only are these products among the smallest in the industry, they are also some of the longest rated life ENERGY STAR® products available!

Even Lady Liberty Shines On With A Lighting Upgrade from **Advance Ballasts** a few years ago. Reducing energy consumption by over 2 million kilowatt-hours annually, the upgrade significantly improved the monument's lighting and energy systems and brought its annual energy costs down by nearly 20% within the first year.

Contact your Springfield Electric Account Representative to learn more about other Energy Saving Products & Services available.

New from GE

Extra Small Size - Extra Long Life Compact Fluorescent Next Generation CFLs

GE Lighting North America

GE now adds extra small size to the screw-in product line's list of attributes. Not only are these products among the smallest in the industry, they are also some of the longest rated life ENERGY STAR® products available! This broad range of products – including reflectors, 3-way and decorative lamps – offers value to the customer by reducing costs through longer life and reduced energy costs.

- Extra small size - several products are even smaller than their incandescent equivalent!
- Extra long life – rated up to 12,000 hours.
- Excellent color rendering - rare earth phosphors provide bright, vibrant colors (CRI- 82).
- Incandescent-like color - warm, pleasing color (2700K).
- Reliable starting - to 5° F (-15° C).
- Flicker-free instant start GE quality and reliability throughout.
