Connections - September

September Connections Newsletter

1. Decontactor Series from Meltric
2. Pan-Ty Metal Detectable Cable Ties
3. Surface Mount Drop-Down
4. Grabit from Dottie

Welcome to another edition of Connections, Springfield Electric's electronic newsletter; dedicated to bringing you the latest product and industry news.

This month we are featuring **Meltric** DS Decontactor™ Series - Plugs and Receptacles, **Panduit** Pan-Ty Metal Detectable Cable Ties- designed to meet food, beverage and pharmaceutical safety standards & **Nutone's** Surface Mount Drop Down Security Camera.

We would also like to introduce you to our new fastener line - **Dottie**. They have unique, easy to use packaging & items like Grabit, the world's first all in one damaged screw and bolt remover.

Vendor Announced Price Increases

T & B	9/22/08	5-30% Range
Seimens	10/1/08	5-15% Range
GE Lamps	10/13/08	4-9% Range

Decontactor™ Series - Plugs and Receptacles

DS

Choose the DS for its rugged, heavy-duty construction and/or its high amp range (100 amps at 600 volts, or 200 amps at 480 volts).

Depending on the model DS casings are made of coated zinc aluminum alloy or fiberglass reinforced thermoplastic polyester. The standard DS has a NEMA 3R watertight rating.

Pan-Ty Metal Detectable Cable Ties

PAN-TY ® Metal Detectable Cable Ties are designed to meet food, beverage and pharmaceutical safety standards. Featuring metal impregnated material, these ties are identifiable by metal detectors and x-ray inspection equipment. Additionally, the distinct blue color of the ties facilitates quick visual detection in manufacturing environments. Designed for fastening cables and hoses in processing and packaging areas, these ties can be installed using a wide range of hand tools. To help further prevent contamination, the GT series of tools captures the cut-off tips of ties. The PAN-TY ® Metal Detectable Cable Ties and Installation Tools combine to deliver a complete bundling solution to help reduce product contamination and loss.

Dottie Grabit

This is the world's first all in one damaged screw and bolt remover. Dottie's Grabit Kit is a must for all Professionals; it will handle screws too numerous to list, fasteners and broken bolts. This product really does set itself apart from anything on the market. Each Grabit Kit is supplied with two extractors; each is made of high quality hardened steel and will retrieve a wide range of screw sizes.
